- A. Start FlexNow
- B. Navigate to the Business English courses
- C. Add Business English courses to the basket
- D. Confirm the selections in the basket
- E. Check your list of course selections.

The phrase “vorläufig angemeldet – noch keine Verteilung” means that you are able to change your selections.

After the allocation (Verteilung)—on Fri 12 April 2024 for SS24—one of two things will happen:

- a) You receive an email from FlexNow saying that your FlexNow selection was successful and giving the details of which course to attend. In the “Studierendaten” view in FlexNow, the course selection that you were allocated to now has the phrase “fest angemeldet”. The other selections you made for this course will have disappeared from view.
- b) You receive a message from FlexNow saying that your course selections were unsuccessful and that you should join the VC called “Business English FlexNow Waiting List ...”. In the “Studierendaten” view in FlexNow, the three selections that you made for this course will have disappeared from view.
